About Me

Learn more about my background, experience, and what drives me to create amazing digital experiences.

A dedicated Web Developer based in New York

With over 5 years of experience in web development, I've had the pleasure of working with a variety of clients from startups to established businesses. My approach combines technical expertise with creative problem-solving to deliver websites that not only look great but also perform exceptionally well.

I specialize in responsive design, interactive user interfaces, and clean, maintainable code. When I'm not coding, you can find me exploring new technologies, contributing to open-source projects, or sharing my knowledge through workshops and mentoring.

My goal is to help businesses establish a strong online presence through thoughtfully designed websites that engage users and drive results. Let's work together to bring your vision to life!

My Skills

Here are some technologies and frameworks I specialize in to create outstanding websites and applications.

H

HTML5

Creating semantic, accessible markup that forms the foundation of every great website.

C

CSS3

Styling websites with modern techniques including Flexbox, Grid, and animations.

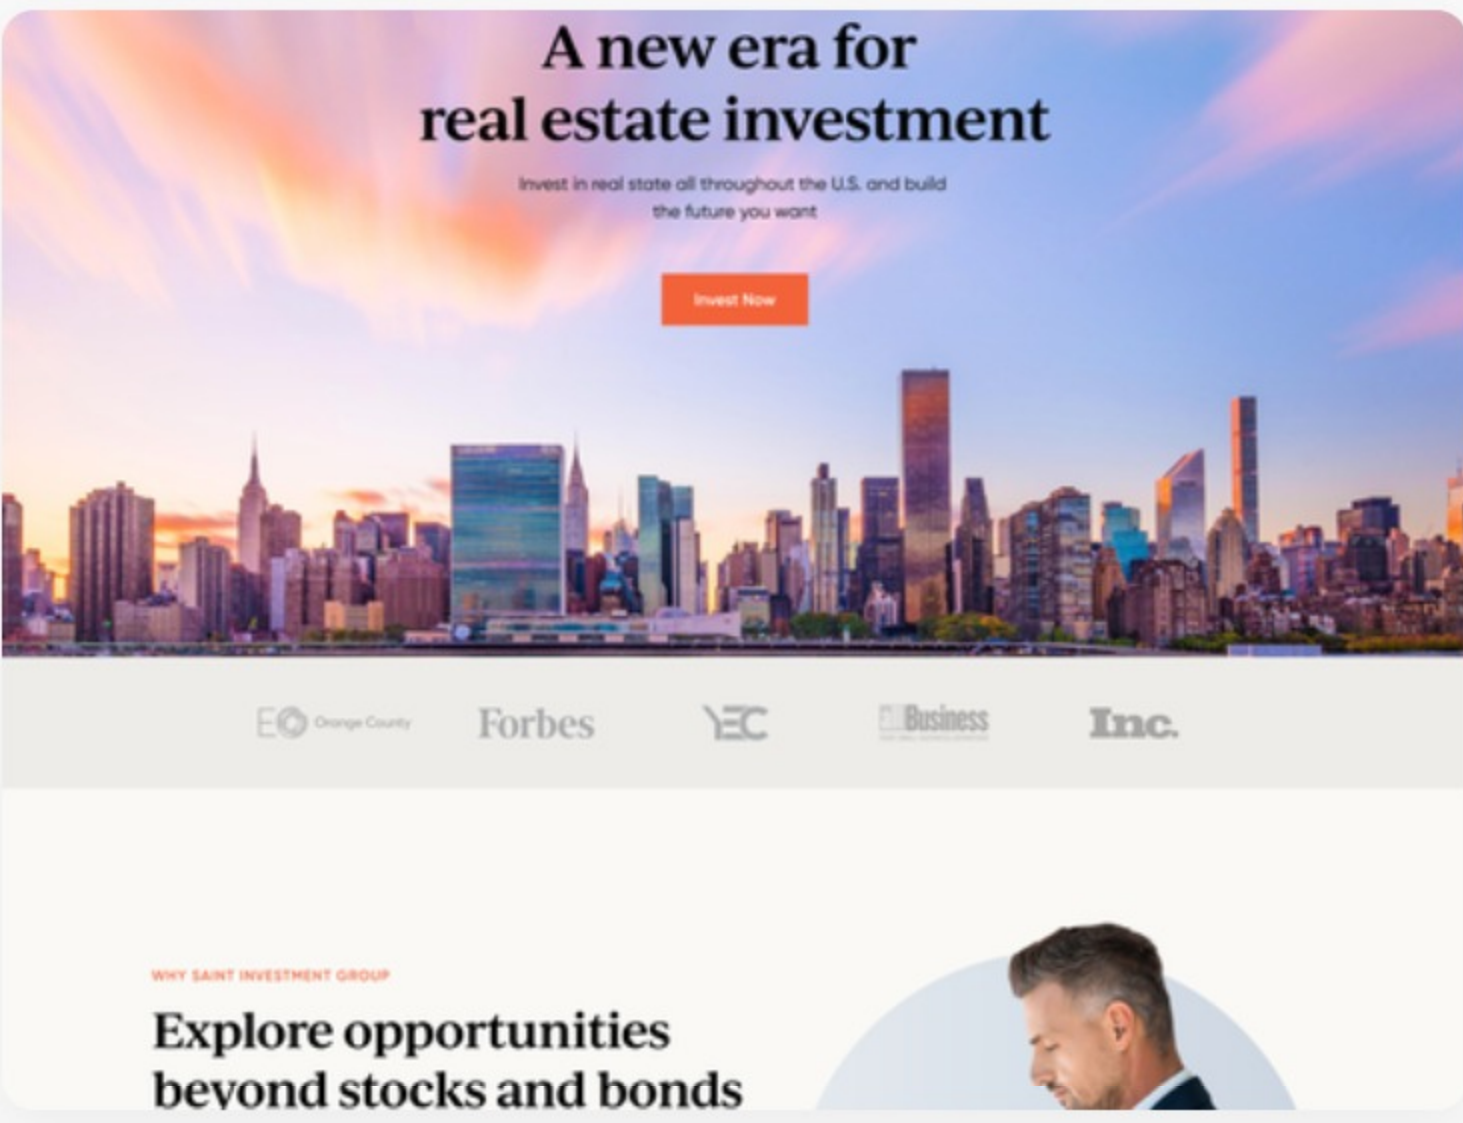

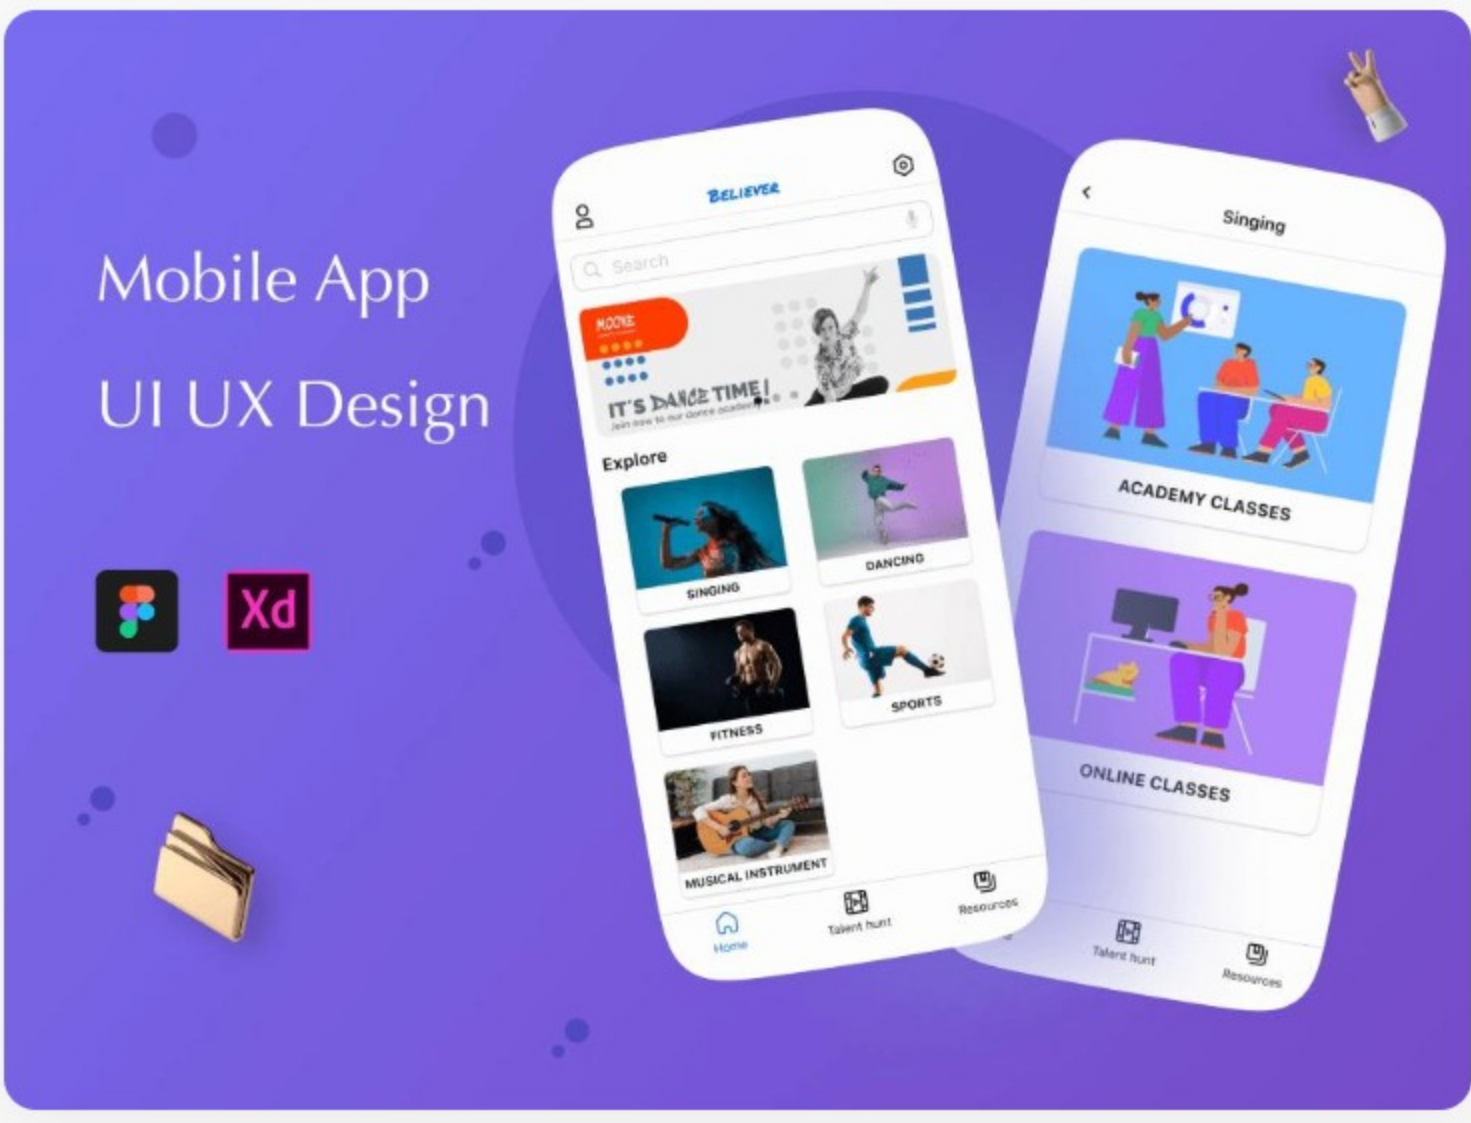

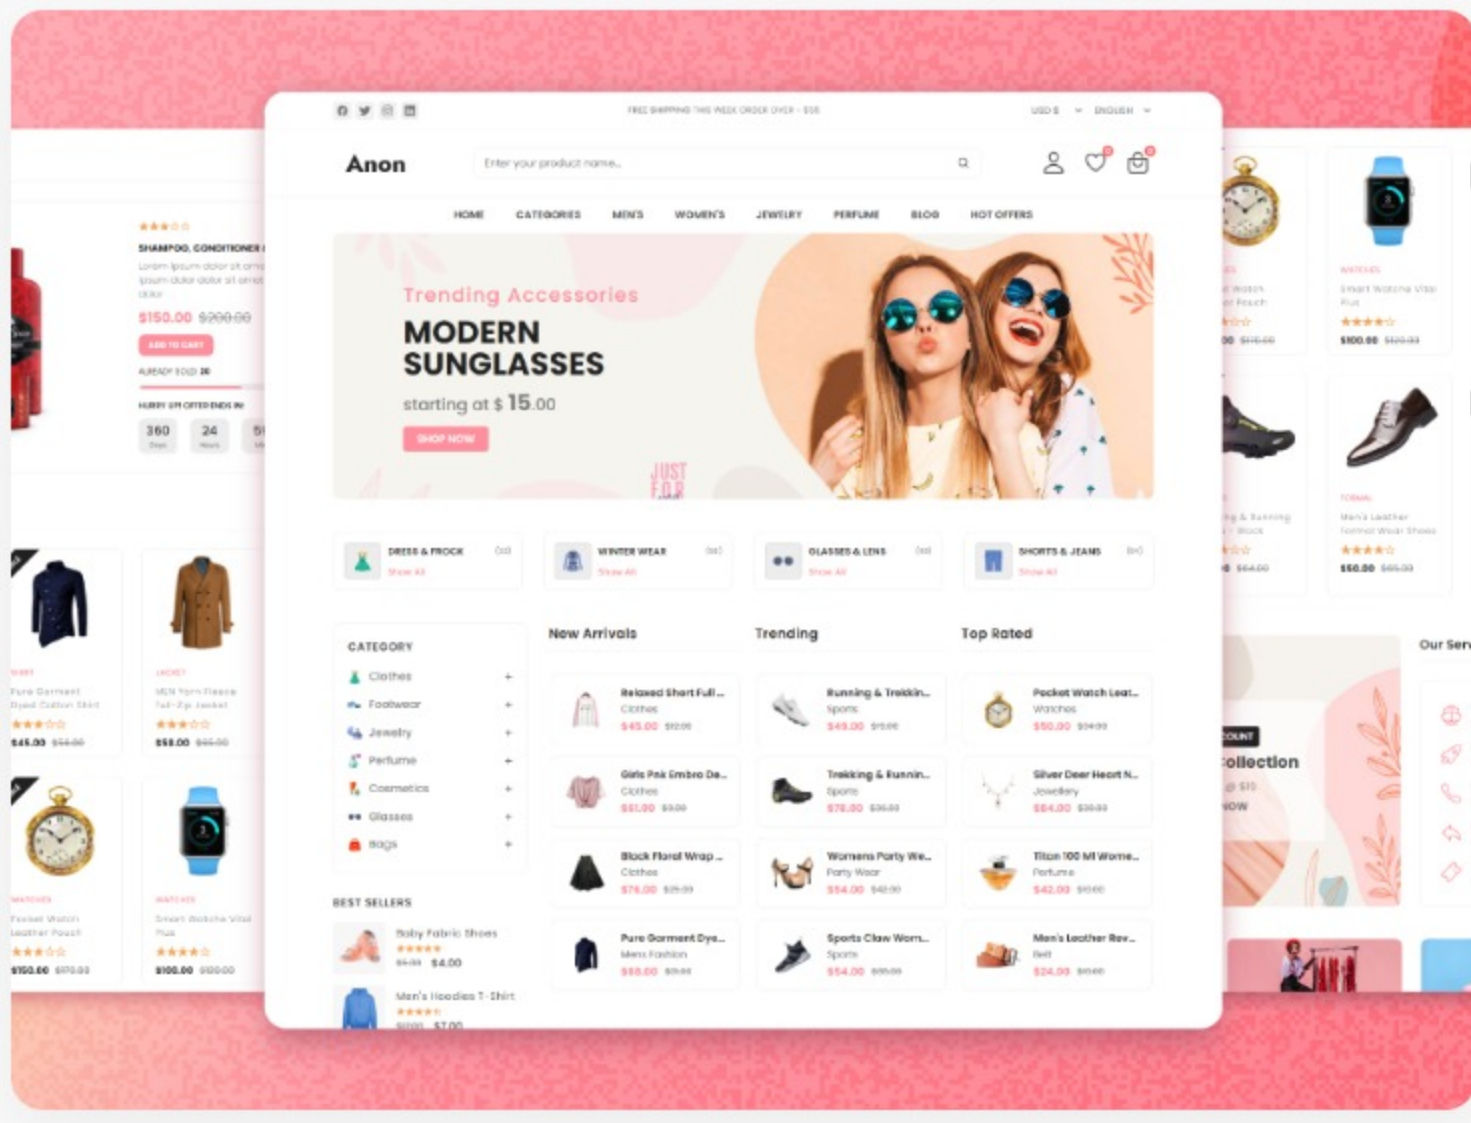

JS

JavaScript

Building interactive and dynamic web applications with modern JavaScript frameworks and libraries.

My Portfolio

Explore some of my recent projects that demonstrate my skills and expertise in web development.
